PARAGON Watch Company Introduces the Soigné watch, a new concept in watch design available only at PARAGON. This is the only watch in the world that offers you over 20 different color dials with matching color straps. You can create your own exclusive design or have a favorite photograph installed on the dial. Give us a favorite photograph or design that measures approximately 4 inches high by 6 inches wide and we will do the rest. You can also change the photograph, design, or image on the dial at any future time without having to purchase another watch. This new concept in watch design makes a great gift for special occasions as well as birthdays, anniversaries, or retirements.
